

16th December 2020

Notice of Implementation – Statement of Gas Transmission Connection Charges – Effective 17th January 2021

Following review of NTS Connection Application Fees and industry consultation which closed on 2nd December 2020 , we can confirm that no formal responses were received.

National Grid hereby gives notice to implement the changes consulted upon to the Statement of Gas Transmission Connection Charges with effect from 17th January 2021.

The revised Statement of Gas Transmission Connection Charges (Rev 11) includes the following changes.

- Introduction of new PARCA application variation fee
- Clarification on Minor Modifications for gas quality modifications

The updated version (Rev.11) of the Statement of Gas Transmission Connection Charges will be effective from the 17th January 2021 and will be available on the National Grid website.
