Transmission Planning Code 2015 Consultation  
– Response from National Grid Distribution

Dear Richard,

Further to the publication of the PARCA version of the Transmission Planning Code 2015 Consultation on the 30<sup>th</sup> January 2015, we welcome the opportunity to provide feedback.

We note that the proposed changes relate to the decision made by the Authority to direct UNC Modification 0465V (Introduction of the Planning and Advanced Reservation of Capacity Agreement (PARCA) Weighted Average PARCA Security). National Grid Distribution (NGD) has made note of the general principles and changes brought about as a result of the PARCA, and are comfortable with the proposals.

Please contact Shiv Singh [e-mail: [shiv.singh@nationalgrid.com](mailto:shiv.singh@nationalgrid.com) and tel: 07580 999 287] if you would like to discuss any of the above.

Yours sincerely,

Chris Warner
